Read his editorial.—From the Times, Hillshire, Va.: I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. Thomas P. Nichols, brother of C. F. Nichols, came in today from Ft. Worth, Texas, and will remain for some time.

The Hon. Marcus Aurelius Smith, who served five terms in congress as a delegate from Arizona was in El Paso Tuesday. He had been to Washington, New York and other points in the east, on private business, and was en route home to Tucson.

Speaking about matters political, the astute politician said:

"There has taken place a great revolution of political sentiment in the east, regarding Bryanism and the Chicago platform. Why sir, when I was east last, during the last session of congress, a person who would say a word in favor of free silver was actually considered non compos mentis; yes sir, he was looked upon as a person who could not exercise the proper use of his reasoning powers. He would be ridiculed and pointed out as a crank from the wild and woolly west.

"But things are different now. I found people ready and willing to listen to the views of western people; and I want to say, and I speak ex cathedra, that every state, with possibly the exception of New Jersey, in the east, is going to send a delegation instructed for Colonel Bryan.

"The attitude of the west and the southern states, God bless them! on the money question has deeply impressed the masses in the east, and the wise politician has begun to trim his sails in response to the tide of public opinion.

"Even Tammany Hall will go solidly for him. The reason of this change of sentiment among the common people is plain to everybody back there. They read in the gold-bug papers that prosperity is running rampant in their midst, but they fail to see it with any one, except the ultra wealthy as represented by large corporations.

"As you ride on the elevated roads in New York and Brooklyn you can witness the miserable existence that thousands of people are eking out on the sweat-shop plan in these large cities.

"Mr. Bryan has crawled in the very hearts of the working classes in the east, since the candid admission of Mr. Croker as to the status of Mr. Bryan as an able, sincere, truthful and marvelous statesman, the mere name of Bryan evokes the wildest kind of demonstrations whenever mentioned."

### YOUR FACE.

If you are feeling weak and worn out and do not have a healthy appearance you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparillas and so called purifiers fail; knowing this we sell every bottle on a positive guarantee. For sale at Bisbee Drug Store.

If anything is disgusting to the average newspaper man, who is continually advancing the interests of the community, building up the business of the local merchants, spending his money in local channels and in every way possible doing his utmost for his town and its people, it is to see business men who refuse to patronize the local paper, give \$5 or \$10 to some outside advertising scheme who does not spend a cent in the town, and pockets all, carrying it off within; while the advertising does not one cent's worth of good. But suckers will bite.

### A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by all Druggists.

Legal clash between water users and water carriers is now unavoidable, as during the past few days many of the old settlers who do not own water rights have been denied water, although the money in payment was tendered. Water once used on lands, becomes a part thereof and the companies are simply common carriers, is the theory of the farmers, while the canal men claim ownership of water and the right to sell the privileges of buying the same.—Enterprise.

Three bars of bullion were shipped out by express this morning from the San Miguelita mine, in Sonora, the result of a month's run at the mill. The bars weighed \$26 lbs. being silver and gold. The silver being 887 fine, and the gold 235. The bars contained 4217 five ounces of silver, and 113 fine ounces of gold, giving a valuation of the shipment of nearly \$4,500.

Prescott is now without a justice of the peace. It is said that the only judicial official before whom a lawyer can now appear in Prescott is the reeve in bankruptcy.

### Wedding Bells.

From Friday's Daily.

Miss Catherine Veck and W. A. Hambridge were married at the Episcopal church by Rev. Ferguson last night (Tuesday). The home of the bride is San Angelo, Texas, although she has recently been a guest of her uncle, Mr. Frank Lerch of Los Angeles. Mr. Hambridge is an official of the Copper Queen Company at Bisbee. The couple are old acquaintances and met here for the purpose of being married. The ceremony was attended by about a dozen local friends of the couple. G. A. Thumm acted as best man and Mrs. Thumm was the bridesmaid—Tucson Citizen.

The happy couple were passengers on the incoming train today and are at present domiciled at the Bessemer. Mr. Hambridge is a salesman in the dry goods department of the Company store. He has the best wishes of his many friends and acquaintances in the journey down the stream of married life.

Miss Nancy Humphrey and Phin Brawley were married last evening at the home of Wm. Humphrey, in Tombstone canyon. The wedding was a quiet affair, there being but a few close friends invited. The bride is the daughter of Mr. and Mrs. Wm. Humphrey and has been a resident of Bisbee since her childhood and has made many friends by her charming ways and manners. The groom is a young man well known here and has a host of friends. The couple have the best wishes of all in their new life.

Miss Lula Brazee and V. E. Stoddard were joined in the holy bonds of matrimony last evening at the residence of the bride's parents in Tombstone canyon.

The band concert given by the Copper Queen band, in front of the office last evening, was most thoroughly enjoyed by several hundred of our citizens who gathered there. The boys are making most elegant headway in their music, and their efforts are fully appreciated by our town people. There was one incident, however, that occurred for which the band was in no wise to blame. This was the boisterous and unruly conduct of a lot of hoodlums who had no more respect for the band or the ladies and gentlemen present, than to engage in a scuffling and wrestling match, raising a dust and making it disagreeable for all. We sincerely hope that such a performance as this will not occur again, but should it, the young hoodlums should be given a few days in Hotel Graham to think the matter over.

### A Frightful Blunder

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Thomas M. Lynch, the mining engineer from Wickenburg, is in the city. Mr. Lynch has of late been interested in the Black Rock district, fourteen miles northeast of Wickenburg. He says that in and around that district there has been more development work done this summer than any previous year. Mr. Lynch is of the opinion that good results will be shown this winter.—Phoenix Enterprise.

Quail, grouse, wild duck and snipe are covered by limited dates, and the open season is from October 1 to April 1. An amendment to a law passed by the assembly in 1897 prohibits the killing of quail for a period of five years from that date. It is therefore unlawful to kill quail at any time during the prescribed period. Deer is the only game animal which the statutes seek to protect. The open season for deer is from December 15 to August 1.

H. J. Allen, of Jerome, came in on yesterday's train. Although a very modest and retiring man, there are few men in the United States who handle as much money as he does. A snug little fortune, amounting to anywhere between \$30,000 and \$50,000 passes through his hands every day; a financial manager for W. A. Clark, being the proceeds of the United Verde mine.—Journal-Miner.

Major John Reese and T. C. Buckman have written a letter from Thompson valley to the board of supervisors advising them that the Apache-Mohave Indians in that section are arranging for a sun dance. In order to propitiate the God of Thunder and secure "dead rain" next season, it is their avowed intention to sacrifice a squaw of their tribe.—Journal-Miner.

From a gentleman who recently arrived from Rollin, it is learned that a townsite survey is being made of that place. It was thought there that the ore teams from Washington Camp and Harsenaw would make deliveries to the Nogales road at Rollin hereafter, thus cutting off two miles of haul to Crittenden.—Star.

Experience is the best teacher. Use Acker's English Remedy in any case of coughs, colds or croup. Should it fail to give immediate relief money re funded. 25 cts. and 50 cts. Sold by J. S. Williams & Co.
